How Single-Family Garages Can Ease California's Housing Crisis

Given the affordable housing crisis, California cities should encourage single-family homeowners to convert garages into apartments and accessory dwelling units.

ANNE BROWN, VINIT MUKHIJA, AND DONALD SHOUP

Who's Really Buying Property in San Francisco?

A lot of software developers, according to an unprecedented new analysis.

ALEXIS C. MADRIGAL

Electric Scooters Aren't a Transportation Revolution Yet

New data show a staggering rise in shared dockless e-scooter use nationwide. But commuting habits have seen little change since the dawn of micromobility.

LAURA BLISS

The Hidden Horror of Hudson Yards Is How It Was Financed

Manhattan's new luxury mega-project was partially bankrolled by an investor visa program called EB-5, which was meant to help poverty-stricken areas.

KRISTON CAPPS

Photographing the Trumpian Urbanism of Atlantic City

Brian Rose's new book uses the deeply troubled New Jersey city as a window into how a developer-turned-president operates.

MARK BYRNES

Designing the First Full-Time Human Habitat on the Moon

SOM, in partnership with the ESA and MIT, wants to accommodate research and maybe even tourism on the moon.

NICOLE JAVORSKY
